CV19 was never a real pandemic or public health emergency

## Fraud and Deception

Covid19 was never a real pandemic or public health emergency because it is based on fraud and deception and driven by fear propaganda. Making ALL responses to covid19 unjustified, unlawful, immoral and unethical amounting to the biggest crimes against humanity.

So all laws, national and international, still apply and there can be no legitimate aim of interfering with human rights or religious beliefs etc for the “greater good” or “public health and safety”.

So, we're supposed to believe that the government (who are not really our government but stakeholder puppets) are spending all our tax money and going through all this effort (ie following their superior orders) to keep us “safe” from the perception of a pandemic not a real pandemic?

To me, and other like-minded “red-pilled” courageous people, this is as clear as daylight. Why the masses cannot see this is beyond me!

Let's take a look at some of the fraud and deceptions underpinning the alleged covid19 pandemic and the fear propaganda used to ensure compliance with government policies.

1. Changing meanings of words without properly informing the public eg “pandemic”; "isolation" ; "vaccine"; "herd immunity"
2. The virus has never been isolated in the true meaning of the word. Over 200 health and science institutions worldwide have admitted under FOI requests, that the virus SARS-CoV-2 has never been isolated in the true meaning of the word
3. Pandemic deception: Old WHO criteria for what constitutes a "pandemic": 3/5/2009: Read first sentence. Note that this sentence doesn't end after the word "immunity": “An influenza pandemic occurs when a new influenza virus appears against which the human population has no immunity, resulting in epidemics worldwide with enormous numbers of deaths and illness.”

4. Pandemic deception: New WHO criteria for what constitutes a "pandemic": On 5/5/2009, just weeks before declaring the Swine Flu pandemic on 11/6/2009, WHO lowered their criteria for what constitutes a pandemic. Notice that the second sentence now stops after the word "immunity" and does not mention enormous numbers of deaths and illnesses: "An influenza pandemic may occur when a new influenza virus appears against which the human population has no immunity. "
  5. The virus, SARS-CoV-2, is digital not biological and was never available from infected patients: The Drosten paper was accepted at Eurosurveillance on 22/1/2020 and set the gold standard for rtPCR tests worldwide. Here's a copy/paste of the last paragraph of the Introduction:
    6. "...In the present case of 2019-nCoV, virus isolates or samples from infected patients have so far not become available to the international public health community. We report here on the establishment and validation of a diagnostic workflow for 2019-nCoV screening and specific confirmation, designed in absence of available virus isolates or original patient specimens. Design and validation were enabled by the close genetic relatedness to the 2003 SARS-CoV, and aided by the use of synthetic nucleic acid technology..."
    7. If there really was a pandemic, surely there would have been a sufficient number of infected patients around from whom to get samples. So, why is it that the Drosten paper states that "virus isolates or samples from infected patients have so far not become available to the international public health community"!!? That's because covid19 was never a real pandemic or public health emergency.
  8. 23/1/20: Not enough cases to declare a PHEIC (pronounced "fake"! 1st WHO Emergency Committee meeting were divided on whether to announce a Public Health Emergency of International Concern (PHEIC) because there were only 557 cases and 17 deaths
  9. 30/1/20: Just one week later, after using the Drosten rtPCR tests, more than enough cases to declare a PHEIC!! What a surprise! After using the Drosten rtPCR tests, the global covid19 "cases" increased by a factor of 14 in just 7 days to 7818 cases globally in 19 countries, so, WHO declares PHEIC
  10. The CDC acknowledges that the PCR test does not effectively differentiate between Covid-19 and Seasonal Influenza.
  11. Alarmist mathematical modelling predictions by Imperial College London, didn't just start with covid19, it goes back years: here and here
  12. Artificially inflated covid19 death numbers: An Oxford University study showed that about 14 different ways were being used to measure covid19 deaths, hence inflating covid19 death numbers giving the perception of a pandemic
-

# 14 VARYING DEFINITIONS OF COVID DEATH

- 1 Due to Covid
- 2 Covid as an underlying cause
- 3 Covid as an underlying (main) cause
- 4 Covid as a direct cause
- 5 Death involving Covid
- 6 Died within 28 days of a positive Covid test
- 7 Died within 60 days of a positive Covid test
- 8 Died within 28 days of possible Covid reinfection
- 9 Covid based on the statement of a care home provider
- 10 Covid mentioned on the death certificate
- 11 Covid as sole cause
- 12 Covid as only cause
- 13 Covid as immediate cause
- 14 Covid contributing to death

13. Artificially inflated covid19 case numbers: Misuse of rtPCR tests eg using high cycle thresholds, which inflated covid19 case numbers, hence giving the perception of a pandemic. Covid19 PCR tests are scientifically meaningless, yet draconian, destructive and fatal government policies were/are based on these.
14. The myth of asymptomatic spread. A study of 10 million people in Wuhan, China showed that asymptomatic spread never occurred.
15. Safe and effective?! Of course not! Out of 42,086 participants in the Pfizer covid19 vaccine trial, there were 1,223 deaths in just 3 months. This is just one of many reasons why Pfizer didn't want to disclose their covid19 vaccine data for 75 years. Clearly, the experimental biotechnological covid19 jabs aka "vaccines" were never supposed to be "safe and effective".
16. But why? Bill Gates has made public statements to answer this - see next two points for short videos. Bill Gates has been obsessed with reducing the population using vaccines for decades.
17. Here he is in a 2010 Ted talk saying (paraphrasing): to reduce CO2 the population must be reduced using vaccines
18. In an interview in April 2020, he said (paraphrasing) that the "final solution" is the (covid19) vaccine!

19. The covid19 vaccines do not stop transmission or infection. Public Health England knew this back in January 2021. Here's Dr Mary Ramsay, the then Head of Immunisation at PHE, saying this. These experimental biotechnological jabs were never about health!
20. Pfizer's Janine Small testified that their Covid vaccine was not tested on stopping the transmission of the virus before it entered the market. Which is something a growing number of people have suspected for over a year. Everyone who claimed it was a duty to “protect others” was lying. Covid passports, qr codes, none of it was based on any science at all. “Get vaccinated for others” was always a lie. The only purpose of the COVID passport was forcing people to get vaccinated.
21. Clearly the aim is to reduce the population, so the last thing the Eugenists want are vaccines that are “safe and effective”!
22. Fake pandemics: The psychopathic globalists can only use endless experimental biotechnological jabs on unsuspecting humans under the guise of pandemics. From their point of view the best pandemics are fake pandemics, because they are controllable eg by misusing rtPCR tests, fraud, deception and fear propaganda!
23. So, clearly the experimental biotechnological covid19 “vaccines” are nothing to do with health, they're to do with:
  - a. reducing the population (except for Bill Gates and his ilk of course!)
  - b. ownership and control of all biological diversity including humans and
  - c. Transhumanism - changing us from within
24. "Cancel culture" and censorship of any information challenging the official government narrative on covid19, even if that information is official government information!
25. Just like the Swine Flu scandal of 2009, the threat of covid19 was exaggerated. The UK government knew from the start that covid19 was never a real threat
26. Assuming covid19 exists, it was never a real threat:
  - a. On 19th March 2020 the status of covid19 was not considered a High Consequence Infectious Disease (HCID), yet the public were told that covid19 was a public health emergency
  - b. The Infection Fatality Rate (IFR) of covid19 was 0.096%
27. So, the British government knew from the start that covid19 was never a real threat let alone a pandemic or public health emergency. Covid19 was a fabricated emergency to unleash hell on Earth! WEF Klaus Schwab refers to this fabricated emergency as a “window of opportunity” for the Great Reset!

28. Abuse of position: government, authorities, Behavioural Insights Team, SPI-B, mainstream media etc should have known that about 70% of people follow orders from authority figures. This fact was abused eg: Matt Hancock (the then Health Secretary) and Dr Luke Evans discussing “a good death” in April 2020. This led to the "Midazolam murders" in the spring of 2020. Those deaths were then wrongly attributed to covid19 hence creating the “first wave of covid19”! There's a government document from 2011, Palliative Care Funding Review, that indicates that these deaths were premeditated. A medical researcher discusses this in detail in this video. These murders occurred because most people were just following their superior orders. Why use Midazolam and morphine (which suppresses the respiratory system) on patients with covid19 which apparently adversely affects the respiratory system?! This was state-sanctioned involuntary euthanasia, premeditated mass murder, democide ie death by government policy.

## Terrorism

If the fraud and deception were not enough, cruel psychological strategies were used by governments, authorities and mainstream media to terrorise people into compliance with government policies:

1. Covid19: SAGE document dated 22/3/2020. See bottom of page 1 and Appendix B points 2 and 8:

Here are a few excerpts from that document:

"...The perceived level of personal threat needs to be increased among those who are complacent, using hard-hitting emotional messaging.."

"...Consideration should be given to use of social disapproval but with a strong caveat around unwanted negative consequences..."

"...Use media to increase sense of personal threat.."

"...Consider use of social disapproval for failure to comply..."

2. UK government Behavioural Insights Team and "independent" SPI-B:

"...Using social engineering, as well as techniques in psychology and marketing, the purpose of the organisation is to influence public thinking and decision making in order to improve compliance with government policy..."

3. Independent Scientific Pandemic Insights Group on Behaviours (SPI-B):

“...SPI-B provides behavioural science advice aimed at anticipating and helping people adhere to interventions that are recommended by medical or epidemiological experts...”.

## **Mental Health**

The depth and scale of the mental health issues caused by, effectively, terrorising people into compliance with government policies, is second to none.

Yet those same governments, authorities and mainstream media that caused (and continue to cause) those mental health issues, now expect us to believe that they care about our mental health! The hypocrisy is astounding. How long do we have to wait for real justice?!

## **Some of the crimes committed**

So, in the light of the above mentioned fraud, deceptions and acts of terrorism against innocent people, the pandemics and emergencies are not real, therefore all laws, national and international, still apply. So, I believe we can say that various serious crimes have been and continue to be committed such as:

1. Misconduct in public office
2. Misfeasance in public office
3. Corporate manslaughter
4. Conspiracy to commit all the above
5. Various, as detailed under The Fraud Act 2006
6. Various, as detailed under The Terrorism Act
7. Mass murder, genocide, crimes against humanity

So, considering all the fraud, deceptions and fear propaganda behind covid19, there can be absolutely no "legal basis" for the (draconian) responses to those fabricated emergencies, pandemics etc, hence there can be no valid "legitimate aim".

How can one have a legitimate aim of "zero covid" or "keeping people safe" when the covid19 emergency is not even a real emergency/pandemic?

How can one have a legitimate aim of stopping or mitigating the consequences of an "emergency" that is not real?

## **Conclusion**

So, why create the perception of emergencies using fraud, deception and fear? To justify overriding laws and trashing human rights, traditional religious beliefs, constitutions, oaths etc etc, in order to roll out the real agendas anti-human, anti-nature and anti-God agendas.

This [UK government website](#) gives us an idea of the real agendas:

1. Human Augmentation
2. Fourth Industrial Revolution
3. Agenda 2030

The psychopathic globalists are in a position to make highly efficient “biotechnological resources”, so they don't need “human resources” anymore!

To them, we are just expendable commodities. They have such contempt for us "cannon fodder". What they're doing now, goes way beyond slavery and oppression, they want to play God. They want to create “life”, alter, own and control their products and cause “death”.

But all they require to succeed is mass compliance.

Here's a message to those masses, it's a quote from V for Vendetta:

“I know why you did it. I know you were afraid. Who wouldn't be? War, terror, disease. There were a myriad of problems which conspired to corrupt your reason and rob you of your common sense. Fear got the best of you, and in your panic you turned to the now high chancellor, Adam Sutler. He promised you order, he promised you peace, and all he demanded in return was your silent, obedient consent.”

*(broadcasting from a captured TV station.)*

V: Good evening, London. Allow me first to apologize for this interruption. I do, like many of you, appreciate the comforts of the everyday routine, the security of the familiar, the tranquility of repetition. I enjoy them as much as any bloke. But in the spirit of commemoration - whereby those important events of the past, usually associated with someone's death or the end of some awful bloody struggle, are celebrated with a nice holiday - I thought we could mark this November the fifth, a day that is sadly no longer remembered, by taking some time out of our daily lives to sit down and have a little chat.

There are, of course, those who do not want us to speak. I suspect even now orders are being shouted into telephones and men with guns will soon be on their way. Why? Because while the truncheon may be used in lieu of conversation, words will always retain their power. Words offer the means to meaning and for those who will listen, the enunciation of truth. And the truth is, there is something terribly wrong with this country, isn't there?

Crucially and unjustly...intolerance and oppression. And where once you had the freedom to object, to think and speak as you saw fit, you now have censors and systems of surveillance, coercing your conformity and soliciting your submission. How did this happen? Who's to blame? Well certainly there are those who are more responsible than others, and they will be held accountable. But again, truth be told...if you're looking for the guilty, you need only look into a mirror.

I know why you did it. I know you were afraid. Who wouldn't be? War. Terror. Disease. There were a myriad of problems which conspired to corrupt your reason and rob you of your common sense. Fear got the best of you and in your panic, you turned to the now High Chancellor Adam Sutler. He promised you order. He promised you peace. And all he demanded in return was your silent, obedient consent.

Last night, I sought to end that silence. Last night, I destroyed the Old Bailey to remind this country of what it has forgotten. More than four hundred years ago, a great citizen wished to embed the fifth of November forever in our memory. His hope was to remind the world that fairness, justice and freedom are more than words - they are perspectives. So if you've seen nothing, if the crimes of this government remain unknown to you, then I would suggest that you allow the fifth of November to pass unmarked. But if you see what I see, if you feel as I feel, and if you would seek as I seek...then I ask you to stand beside me, one year from tonight, outside the gates of Parliament. And together, we shall give them a fifth of November that shall never, ever, be forgot!

The centralisation of power is so great that the rich and powerful now want to play God. They have a deep-seated hatred for God and all of God's creation including humanity and seek to alter,

own and control all biological diversity including humans.

The only way they can achieve their evil goals, is under the guise of various fabricated emergencies.

Decades of mass cowardice and compliance and silencing the minority of us with the courage to not comply, has allowed these evil globalists to gain too much power and to abuse that power.

Sadly, the majority's loyalty is to authority not to truth. Most people fear man more than they fear God, so they ignore the crimes of their authorities - unless it's popular and safe to not ignore them - and attack people like us, the truth tellers, because we have the courage to criticise their authorities and point out their crimes. We, the “red-pilled” minority, are viciously attacked, ridiculed and censored, not so much because we're right, but because we dare criticise the authorities and point out their fraud, deceptions and other crimes.

We, the minority, stand on truth and courage, while they, the majority, stand on fraud and cowardice.

The majority have had just over 20 years of Climate Change brainwashing, ignoring or ridiculing harsh truths such as the Hockey Stick fraud (and subsequent legal win) and The Climategate scandal and truly believe that mass genocide is for the greater good and will save the planet.

The majority have also had just under 3 years of covid19 brainwashing, ignoring and ridiculing the truth of the fraud and deception behind covid19. They truly believe that experimental biotechnological jabs are for the greater good and for public health and safety.

The majority are psychologically primed for ending humanity “to save the planet”! What they call “progressive” or “woke”, religious people call hell.

How does truth win against such people? How can justice prevail when police have been silenced and lawyers have been bulldozed out of the way!?

The answer is mass non-compliance.

The first step towards ending this tyranny is knowledge. Learn about the fraud, deception and fear propaganda behind covid19 and Climate Change . The second step is finding the courage to expose the truth and stop complying with this tyranny.

Only then can we regain our freedoms and humanity and hold the guilty accountable for their crimes against us.
